To Whom it May Concern

**Re: Reference for D T Leisure, Leisure Installations and
Groundwork Contractors**

I am writing to provide a reference for DT Leisure following the installation of a Multi Use Games Area (MUGA) for Groundwork North Northamptonshire.

D T Leisure installed a MUGA for Groundwork North Northamptonshire in July 2006, in Corby Northamptonshire. DT Leisure undertook the contract in a professional manner and delivered a structure which was of high quality, all Groundwork and maintenance was undertaken to a high quality and the installation of the structure was delivered within the estimated timescale and delivered within budget.

As an organisation we were more than happy with the service and standard of the work DT Leisure delivered. I have no hesitations in recommending DT Leisure as an able and high quality contractor.

Yours faithfully

Kate Williams
Programme Manager (Community and Voluntary)
